SKILLS

- **Languages:** Python, C++, C, Shell script
- **Frameworks:** HTML and CSS
- **Cloud Technologies:** AWS Lambda, API Gateway, DynamoDB, CloudFormation, EC2, Terraform
- **Tools/Platforms:** Git, containerization, AWS, MySQL, Apache Cloud stack,
- **Soft Skills:** Versatile, Problem-Solving, Team Player, Project Management

TRAINING

- **AWS Cloud Computing training, conducted by Gokboru Tech Pvt Ltd** July 2024
Learned the use of AWS from beginner to intermediate level while getting hands-on experience in AWS services, virtualizations, website hosting, Networking & Security, cloud architecture, and deployment strategies.
Tech learned: AWS Lambda, API Gateway, DynamoDB, CloudFormation, EC2,

PROJECTS

- **Email Notification System using AWS SNS** March 2025
Developed a web-based tool to send email alerts via AWS SNS.
The project integrated a Node.js backend with Express.js and the AWS SDK to publish messages to an SNS topic.
The solution supports both IAM Role and Access Key-based authentication, making it deployable on local machines or EC2 instances. A responsive front-end built with HTML and CSS enables user interaction to trigger email notifications.
Technologies Used: Node.js, Express.js, AWS SNS, EC2, HTML, CSS, JavaScript
[Project link](#)
- **Automated AWS S3 Backup** February 2025
Designed a Python script that automates file uploads to an S3 bucket, ensuring secure and efficient cloud backups.
Utilized Boto3 for AWS S3 interactions and scheduled automatic backups.
Technologies Used: Python, AWS S3, Boto3 Impact: Simplified cloud-based file backups with automated uploads.
- **Serverless API for Hotel Data** July 2024
Built a serverless API that efficiently manages hotel customer data.
Integrated AWS Lambda, API Gateway, and DynamoDB to enable seamless data storage and retrieval without maintaining a dedicated backend server.
Technologies Used: Python, AWS Lambda, API Gateway, DynamoDB, HTML, CSS

CERTIFICATES

- Ethical hacking course | NPTEL October 2024
- AWS Cloud Computing training, conducted by Gokboru Tech Pvt Ltd. July 2024
- Programming in C++: A Hands-on Introduction by Coursera. November 2023
- Fundamentals of Network Communication by University of Colorado by Coursera November 2023

EXTRACURRICULAR ACTIVITIES

- Participated in *One India* event at LPU, showcasing art and craft skills while demonstrating leadership, teamwork, and collaboration in model-making.

EDUCATION

- **Lovely Professional University**
Bachelor of Technology - Computer Science and Engineering; CGPA: 6.78
Punjab, India
August 2022
- **Kendriya Vidyalaya No.1 AFS Belgaum**
Intermediate; Percentage: 70%
Belgaum, Karnataka
April 2020 - March 2022
- **Kendriya Vidyalaya No.1 AFS Belgaum**
Matriculation; Percentage: 82%
Belgaum, Karnataka
April 2018 - March 2020
